The combined chorus, symptonic and concert bands and in, or ganist and brass memble from Prospect High chool will join in presenting he music department? Existense Concert at 3 pm. knoday in the Prospect High fieldhouse. Admission to the concert is free.

Howard L. Sandlund, band director of Prospect High School, said Arlington's suring orchestra was saked to join in the concert because the musical selection required a pecific type of accompaniment which the Prospect band could not provide by itself. Frederic C. Schmoyer will direct the Arlington orchestra.

The following menus will be served Wednesday. Township High School District 214, (subject to

Shines 'Santa's' Shoes, Boy, 12, Given New Bike

DURING the summer Tim's bike, and the hikes of his two brothers. John, il and Dave, 9, were solen when the boys were fishing. They were the only bicycles for the family of eight children, at 1104 N. Highland. Arlington Medichts.

N. Highland. Artington Heights. Tim worked during the summer and still works on weekends at Jim's Barber Ingeno Heights. He shines hoes for the customers and knows most of tham by sight. When a particular customer heard, that Tim's blue was stolen he kept asking the where of the barber shop, lames Corrado. If the blue has been asking the short of the barber shop. James Corrado. If the blue has been some the same than the

Dist. 23 Decides Against Shared Use

Sedrel, Harper director of date processing, and had decided that Dist. 23 is too small to benefit from the use of the computer program. The college has had several meetings with administrative personnel and school board members from High School Dists. 211 and 214 and the elementary schools in the district since teat fift. The college had offsteed the user of its series of the college had offsteed the user of its

By Catherine O'Donnell

THERE IS just one thing that is bothering these men who are working so selflessly. In order to sell the trees, they have to pay \$40 for a permit. "That would buy five pairs of shoes," said Jack.

Pool Study Goes To Park Board

A feasibility study on con-struction of a swimming pool at Arlington High School has been submitted to the Arl-ington Heights Park District by L. S. Hubbard & Assoc..

by L. S. Hubbard & Asso...
a consulting firm.
The recommendations will be presented for discussion at the January meeting of the taxing bodies in Arlington Heights which include representatives from the park representatives from the park district, High School Dist. 214, Dist. 25, and the village

government.

The high school Board of Education and the park board representatives have discussed the possibility of construction of an indoor-outdoor swim-

scheduled to open in September.

Builder Wins Rezoning Of Harkin Property

Dist. 25 Extends Library's Stay In Old Building

The Arlington Heighte library has been granted an extension of occupancy of the library building on Minar Street by School Dist. 25.
The building was purchased by Dist. 25 to house the Diagnostic Leaning Center, now at Elk Grove High School.

RAFFERTY also said the development would endanger old oak trees on the heavily-wooded site. Riey met this objection by saying that he has paid for a survey of the location of trees and thet he will save as many of them as cossible. Other arguments by Riley:

"We feel the planned development idea is a good way for the builder and for the eity to get away from the finger painting way of building."

you'll love the change!

If you've been shopping at another store so long it's become a habit, it may not be easy to make the change to Jewel.

You may have become used to hunting throughout a store for bargains. It may be difficult for you to get accustomed to finding low "Miracle Prices" on every Jewel shelf.

And, if you've been shopping elsewhere, you may have come to expect prices to go up and down from one week to the next. It will take time for you to appreciate the steadiness that "Miracle Prices" offer.

All change won't be difficult to accept, of course. The kind you'll get at Jewel after paying your food bill won't be hard to take at all.

In fact, you're going to love this changel

Clean Chimney Sweep

Chimney cleaning isn't quite the fun and frolie that you may think goes with the job after watching Mary Poppins and her sooty pals.

However, here in the northwest suburbs, the average homeowner is seldom called on to clean his own ehimney. The best and cleanest method recommended by

government experts consulted about this is to have the chimney vacuumed by a reputable commercial cleaning firm. Do-it-yourself procedure otherwise con-sidered sensible is outlined in a 15 cent booklet, "Fireplaces and Chimneys," available from the U.S. Government Prin-ting Office, Washington, D.C.

HERE ARE PRACTICAL STEPS is there is not too great a protrating offset in the chimney, it's possible to dislodge soot and other loose material by pulling a weighted set of sits must paid down the case of the contract of th

COMMON ROCK SALT IS wid ed, since it is cheap, usually available, and easy to work with. Use two or three teacupfuls per application, but remember that it is not rated the most effective soot

Creation is very hard to remove from chimory. It may form inside the chimory. It may form inside the chimory, it may form inside the chimory appeals) when wood is burned regularly method is to use a bidele to chip if from the chimory of the cuts careful lest you damage the flue lining or dig into the masony, and be extra careful lest you damage the flue lining or dig into the masony and the lining or dig into the masony and the lining or dig into the masony and the lining or dig into the masony of the lining or dig into the mason of the interior each fall should be on your agends. By lowering as electric light into the flue you can check for fallern heavy sold accumulations. An ordinary behavy sold accumulations.

Cleaning Floor May Not Be A Headache

IT'S NOW POSSIBLE to have self-caning floors which have tiny cells ac-rated by the mere pressure of a person alking upon them so that dirt is agested, or sucked in down to duess der the floor and conveyed away by

orced air.

Also proposed is the "nebutizer" device which would be fitted into ceilings to control humidity, or put out fires, spray hemicals for cleaning, or put medicated in into sick-rooms, all through emitting

Paint Your Own Rugs

ndma sometimes wove her own rugs. e was an expert at making hooked

You can paint your own floor covering. You can develop into the Cezanne of the carpet world, the Rembrandt of the rug

you can walk on the finished produ turn it over, walk on that side too. Wh it looks too dirty or shabby, just make throw rug out of it. — literally! Throw

THE DISPOSABLE RUG we've just escribed is available from Regal Rug-nc., and is one of the new ideas designed by Elenhank Designers, a man-and-wife cam, Henry and Eleanor Kluck of

team, Henry and Eleanor Kiuck of Priors range from \$20 to 335 for the new rugs, some of which have matching new rugs, some of which have matching to the state of the state of the state of such unusual patterns as college of a newspaper advertisements, medialino pat-terns, tripes, and op art. So far just one rug in the collection, called Cole Me Gay, may be painted, either by following numbers on a chair of by using your own

A New Game

ask one of your youngsters to give you and with the task of making your own rewash and you'll find you have instead inted a new game.

Ollow this formula to make a good swash mixture suitable for indoors or

Shades Can Be Repaired at No Cost

Window shades can be annoying as well as a means for achieving privacy. Sometimes they wind up without reason, sometimes they wind up without privacy relates to roll up at all.

Any part of a window shade is easily repaired or replaced. While complete shade replacement is not terribly a spenic can be made with so expense. Should you replace a shade, salvage the parts from the old roller. They can be useful for state repairs.

UNDERSTANDING HOW a shade is enstructed makes it easier for you to

repair.

The shade is fastened to a wooden roller with staples, tacks or tage.
Inside the roller is a coil spring with dowel inside. At one end of the roller is a stationary pin. At the other is a flat, rotating pin. Metal end caps protect the

parts.

Tiny pawls fit into alots at the end with
the rotating pin. The force of rotation
releases the pawls which in turn cause
the spring to raise the shade. When you
stop the shade's movement the pawls drop
into place and lock the roller in that posiinto place and lock the roller in that posi-

NOW—WHEN A SHADE doesn't roil up, what do you do? Increase the spring tension by pulling the shade down a few tarms. Then remove the roiler from the brackens and roil up the shade lighty. Put it back and try again. If the tension is now too great, remove the roiler and unwind the shade a couple of turns.

Check the passive to see if they are suck.

IF YOU ARE MOVING a short shade to a larger window, reset the brackers closer together. Or extend the pin by polling it cost slightly or replacing with a length and of the same thickness. a slightly near-rower window in again accomplished two working on the fixed-pin ent of the troller. Take off the falteric and cut the end of the roller where the fixed pin is. Replace the pin and end cap. Ute tacks, susples or tapte to refeates whate for coller.

THE SHADE ITSELF should be trim-med by stretching it out on a flat surface, measuring, marking with a straight edge and cutting with scissors.

If the shade rolls up crooked, remove and unroll. Unfasten shade from roller. Drop the edge of the shade a trifle lower on the side toward which the shade truss. Refasten,

God's Greatest Act: Jesus

tha simple faith of the shepherds.

There was the song of the angels, the refusal of the inn-keeper, and the refuge in the stable a. and most important of all, there was the birth of the Christ child. And to this very day songs are being sure, posens are being read and scenes are being read and scenes are being read and scenes are being remarked all dasling with these simple facts.

SOMEEROW ONE begins

iving God acted!

ON THAT first Christmas, ided performed His greatest ct in all of human history.

God ant forth His son; indid you He did not send orth a decrea: a list of tenandria, a special measurager, and indicates the system of directions; bit of advice on how they in the system and the system of contractions on how to get to feasy with the system on how to get to feasy with the system on how to get to feasy with the system of the system o

Heavent
All of thas a would be logical; all of this we could understand; all of this we might expect from the creator ... "God sent forth His Son." So eimple, and yet so sublime. So clear, and yet so mysterious; so forthright and wet so oversowerias. et so overpowering.

At the first Christmas, God

The speaker of the speaker of the Program, which will consist musical numbers and tongs.

CHRISTMAS MORN

Blest Christmas more ough murky elouds Pursue thy way,

Pursue thy way,
Thy light was born where
torm enshrouds
Nor dawn nor day!
Dear Christ, forever here
nd near,
No cradle song,
No natal hour and mother's

No natal hour and mother's ar,
To thee belong.
Thou God-idea, Life-enowned,
The Bethiehem babeBeloved, replete, by flesh
abound Was by thy shade!
Thou gentle beam of living
ove.

ove, And deathless Life! Truth infinite, - so far

All mortal strife, Or cruel ereed, or earthborn taint: Fill us today With all thou art - be thou

ur saint, Our stay, alway.
